WHEREAS, the uses described in I-502 have never been allowed in any state or city in the United States, and the City needs time to study the secondary land use impacts of these marijuana uses and the various development standards regarding impacts before adoption of any regulatory ordinance or issuance of any business license; and

WHEREAS, state law has not been updated since Initiative 692 in 1998 (the “Washington State Medical use of Cannabis Act”) as to medical uses of marijuana; and

WHEREAS, the Granite Falls City Council hereby finds that a moratorium to preserve the status quo is necessary and until the City can study the appropriate land use and/or licensing regulations to address these uses; and

If the governing body does not adopt findings of fact justifying its action before this hearing, then the governing body shall do so immediately after this public hearing. A moratorium, interim zoning map, interim zoning ordinance, or interim official control adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium, interim zoning map, interim zoning ordinance, or interim official control may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal"; and

WHEREAS, RCW 35.63.200 provides a similar process as described above for adopting and extending land use moratoriums; and

WHEREAS, moratoriums enacted under RCW 36.70A.390 and/or RCW 35.63.200 are methods by which local governments may preserve the status quo so that new plans and regulations will not be rendered moot by intervening development; and

WHEREAS, the Granite Falls Municipal Code does not currently have specific provisions addressing licensing, producing, processing or retailing of recreational marijuana; or specific provisions addressing the provision of medical cannabis; and

WHEREAS, in conformity with the responsibilities of the City of Granite Falls to meet public health, safety and welfare requirements and provide zoning and land use regulations pursuant to state law, and the City's authority to regulate land use activity within its corporate limits, the City intends to develop appropriate regulations for business licensing for the establishment of facilities producing, processing and retailing of recreational marijuana under I -502 and for medical cannabis; and

WHEREAS, the City Council has determined it needs additional time to conduct appropriate research to analyze the effects of the rules and regulations established by the Washington State Liquor Control Board pursuant to I-502 and to analyze how to deal with medical cannabis; and

WHEREAS, a moratorium will provide the City with additional time to review its public health, safety and welfare requirements and business licensing related to the establishment of

facilities producing, processing and retailing recreational marijuana as authorized by I-502 and as to medical cannabis; and

WHEREAS, the City Council concludes that the City does have authority to establish a moratorium and that the City must adopt a moratorium concerning the filing, acceptance, and processing of new land use applications or licensing for the establishment of, or operation of, any facility, building or premises used for the production, processing or retailing of recreational marijuana, or medical cannabis to protect the health, safety and welfare of the citizens of Granite Falls; and

WHEREAS, In addition, the cultivation, possession or distribution of cannabis marijuana, and marijuana products has been and continues to be a violation of federal law through the Controlled Substances Act (“CSA”); and

WHEREAS, the activities purported to be legalized under Initiative Measure No. 502 remain violations of federal law through the Controlled Substances Act, and the United States Supreme Court in Gonzales v. Raich, 545 U.S. 1, (2005) which held that the CSA’s categorical prohibition of the manufacture and possession of marijuana as applied to the intrastate manufacture and possession of marijuana for medical purposes superseded a conflicting California State law; and

WHEREAS the Department of Justice indicated a willingness to allow implementation of Initiative Measure No. 502 to proceed if certain conditions were met; and

WHEREAS, in addition to the legal issues, the City must study, without limitation, the impacts of the location of uses and facilities for the production, sale and use of marijuana products and the siting of marijuana cultivation facilities, facilities for the creation of marijuana products, and State licensed marijuana stores in commercial and residential zones, as well as impacts arising from the proximity of these uses, activities and facilities to schools, day cares, parks, religious and cultural facilities, and accordingly the City Council finds that a zoning, licensing and permitting moratorium should be established pending local review of appropriate locations and design requirements of these operations and impacts of the newly amended law and its interaction with federal law; and

WHEREAS, the City Council adopts the foregoing as its findings of facts justifying the adoption of this ordinance;

NOW THEREFORE, the City Council of the City of Granite Falls, Washington do ordain as follows:
