Re: Community Services Campus/Snohomish County B&G Club  
Gymnasium Project  
Log No.: 2020-09-06085-COMM

Dear Ms. Duprey & Ms. Robinson;

We were contacted by Mr. Brent Kirk, representing the City of Granite Falls, pursuant to Executive Order 05-05. We have reviewed the professional archaeological survey report he provided for the proposed Community Services Campus/ Snohomish County B&G Club Gymnasium in Granite Falls, Snohomish County, Washington.

We concur with a Determination of No cultural resource impacts with the stipulation for an unanticipated discovery plan.

We would appreciate receiving any correspondence or comments from concerned tribes or other parties that you receive.

In the event that archaeological or historic materials are discovered during project activities, work in the immediate vicinity must stop, the area secured, and the concerned tribes and this department notified pursuant to RCW 27.44 and RCW 27.56.

These comments are based on the information available at the time of this review and on behalf of the State Historic Preservation Officer in compliance with Executive Order 05-05. Should additional information become available, our assessment may be revised, including information regarding historic properties that have not yet been identified. Thank you for the opportunity to comment and a copy of these comments should be included in subsequent environmental documents.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Rob Whitlam', with a long horizontal flourish extending to the right.
